Y50BT
ON-EAR BLUETOOTH HEADPHONES

Award winning sound gets stylish
and goes wireless.

A winner deserves a winner.

Looking for the proper cans to complement your style all while enabling you to freely create? Introducing the AKG Y50BT headphones. Bluetooth enabled for seamless connectivity and capable of more than 20 hours of battery life for spontaneous acts of artistry, the AKG Y50BTs feature 40mm drivers for balanced powerful sound and the same sound quality of the Y50, which was awarded with the What Hi-Fi? Sound And Vision 2014 headphone product of the Year Award. But it doesn't stop there - equal to their audio excellence is their appearance. With three bold colors and surfaces specially coated for a hybrid matte glossy look, the AKG Y50BT bring the sound and look good while doing it.

HIGHLIGHTS

- ▶ Legendary AKG sound
- ▶ Bluetooth enabled for music and calls
- ▶ More than 20 hours battery life

FEATURES AT A GLANCE

- ▶ **Legendary AKG sound**
A clear, world-class and award winning acoustic signature that will take your musical enjoyment and appreciation to new levels.
- ▶ **Bluetooth enabled for music and calls**
Pursue your passions wirelessly and easily, with ear-cup mounted controls.
